

March 21, 1975

PRESIDENT: Senator Koch.

SENATOR KOCH: Mr. Speaker, members of the body, what's the question before the body? I'm thoroughly confused.

PRESIDENT: I'm going to recognize Senator Burbach for that.

SENATOR KOCH: We're taking 35 minutes to discuss nothing!

PRESIDENT: I'm going to recognize Senator Burbach for that.

SENATOR KOCH: We haven't been to General File for the last two days and I'm getting upset about all this. I think we waste so much time. I can't believe it! I'd just like to get this settled and get back to business.

PRESIDENT: Chair recognizes Senator Burbach.

SPEAKER: Mr. Chairman and members of the Legislature, I move to adjourn Wednesday, March 26th, and convene April 2nd at 10 o'clock. I hope the Appropriations Committee, or any other committee, can work any time they want to. I'm not going to make this part of the rule. Certainly, this was the decision made with the Budget Committee that they were going to work on April 1. This is their prerogative. I'm saying, we move to adjourn Wednesday, March 26th, and convene April 2nd at 10 o'clock.

PRESIDENT: Senator Burbach, so that the Chair will be clear on this, does this . . . implicit in this motion is all-day sessions next week?

SPEAKER: All-day sessions next week, Monday, Tuesday and Wednesday.

PRESIDENT: Alright. The question is Senator Burbach's motion. Read it again, would you please Senator Burbach, up to the hopefully.

SPEAKER: (mic inactivated) . . . "adjourn Wednesday, March 26th. However, we meet all-day sessions on the 24th, 25th and 26th. We reconvene on April 2nd at 10 o'clock." That is the statement there is . . .

PRESIDENT: That is the question.

SPEAKER: There is no question sir, unless they overrule that statement.

PRESIDENT: Does anyone wish to challenge the Speaker's decision here? Seeing no challenge, that is the Speaker's rule and it is so ordered.

I'd also like to introduce at this time five government students, in the North balcony, from Wheatland High School in Madrid, Nebraska. Senator Mills asked that they be introduced. Welcome to the Legislature. We're glad to have you here.

Senator Dworak. We now move to Select File.
